

BARS

CLAWBAR

A unique and innovative multi-functional wrecking bar, claw bar, and hammer all in one. The Clawbar saves time and effort on the job. Used for demolition, form tear down, heavy-duty prying, hammering and form adjustments. Has a perfectly angled claw with hammer face to persuade the toughest nails and spikes.

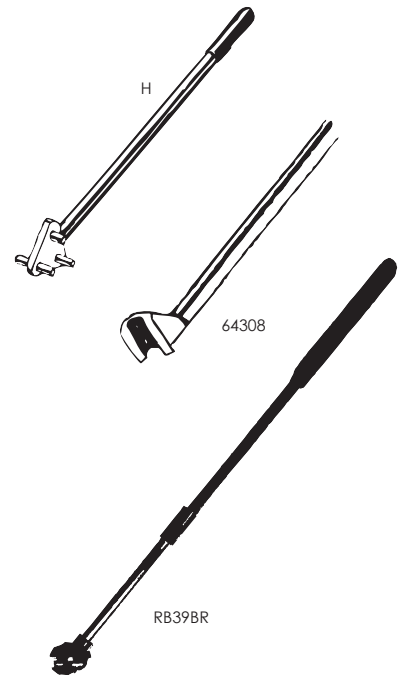

No.	Length	Wt (lbs)
TBS CBH	30"	12.00

HICKEY

Light weight rebar hickies have durable steel-alloy heads and extra strong handles.

No.	Description	Bends Rebar	Length	Wt (lbs)
