

Safety Step Edger cuts grooves while edging the step. Extremely popular on commercial jobs. Grooves $\frac{3}{4}$ " on center.

No.	Size	Radius	Depth	Grooves	Wt (lbs)
TEH SG4	4 $\frac{1}{2}$ " x 6"	$\frac{1}{2}$ "	$\frac{1}{4}$ "	4	1.35

Universal groover lasts longer because it is rivet free.

No.	Size	Width	Depth	Wt (lbs)
TGH D34	3" x 6"	$\frac{1}{2}$ "	$\frac{1}{2}$ "	1.00
TGH D44	4 $\frac{3}{4}$ " x 6"	$\frac{3}{8}$ "	$\frac{1}{2}$ "	1.50

Vertical Step are used to groove vertical control joints into the face of slabs, curbs, and steps while the forms are still in place. Easy to use, just work between the form and concrete. In seconds you have a perfect joint. A must for curb contractors and all commercial finishers.

No.	Size	Width	Depth	Wt (lbs)
TGH VS8	12"	$\frac{1}{2}$ "	1"	1.25
