

POWER

Cuts sharp and clean grooves. This revolutionary new heavy gauge stainless steel groover comes with replaceable aluminum bits. The bits are curved front and back. Standard with single action adapter. Supplied without handle to allow different set up.

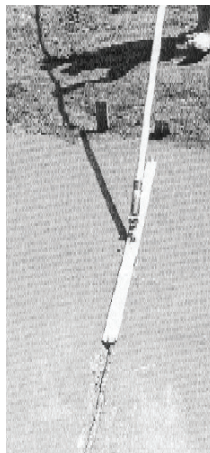

No.	Size	Width	Depth	Wt (lbs)
TGW P126	12" x 9"	5/8"	3/4"	3.00
TGW PR	Set of all three replaceable bits			1.80

TORPEDO

The Torpedo Groover is 56" long and machine tooled. It is made of high grade aluminum and designed cut straight control joint 1 1/4" deep. Whatever groover you follow it with will make a straight groove no matter how long you cut it. It is also available in 36" and 24" lengths. Will accommodate two different types of handle styles.

No.	Size	Width
TGW T24	24"	2.20
TGW T36	36"	3.20
TGW T56	56"	4.80

SEE ADAPTERS ON PAGES 10 & 11 FOR COMPLETE SET UPS.
