

SPRAYERS

HEAVY DUTY POWER

The Power Sprayer is a compact, easy to use that can be positioned on a barrel, pail, tailgate or workbench. The Pump is designed to replace the standard pump-up or gas driven sprayers. It reduces the time needed for most spray on applications, freeing labor for other tasks. The Pump is available in either AC or DC power options that easily spray high solids and high viscosity products. Reduces contamination and spillage by drawing product directly from its packaging. Simply insert the suction line, connect the battery clips or plug it in, turn it on and you are ready to spray.

- Fully Assembled.
- Durable All Steel Construction.
- Easy to use with 100' of 3/4": Chemically Resistant Hose on a Reel.
- Open Flow Wick Connect Fittings that Allow for Circulation, Purging Excess Contents Out of Unit and Easy Cleaning.
- Chemical resistant Seals in Pumping and Reel.
- Includes 1 Straight and 2 Curved (1 male & 1 female) 18" Brass Wand Sections, a 1 gal. per min Fan Tip, and Adjustable Cone Nozzle and a Bucket Siphon.
- Pressure Sensitive Switch Stops When You Stop Spraying.
- Sprays 3,600 ft² in about 5 minutes at approx. 75 psi.
- Large Rubber Feet for Stability.
- Envirosol is recommended for clean up.
