

TUBS

METAL

Mortar tubs are made of heavy duty steel.
Smooth interior makes mixing easier. Leak proof.

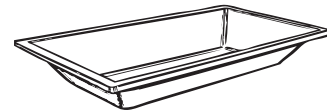

No.	Size	Capacity	Wt (lbs)
TUB M6	50" x 29" x 12"	6 cubic feet	49.00
TUB M9	60" x 32" x 12"	9 cubic feet	65.00
TUB M15	78" x 38" x 12"	15 cubic feet	86.00

PLASTIC

Not affected by plaster, mortar or water. One piece construction.
Lightweight but tough. Easy to use, easy to clean.

No.	Size	Capacity	Wt (lbs)
TUB P7	56" x 33" x 8"	7 cubic feet	20.00
TUB P9	60" x 36" x 12"	9 cubic feet	25.00

Utility - Ideal for small amounts of mortar or concrete. Heavy-duty polyethylene is temperature resistant, easy to clean and won't leak.

No.	Size	Capacity	Wt (lbs)
TUB P3	30" x 30" x 7"	3 Cubic feet	4.30

MORTAR BUGGY

For moving mortar from mixer to work area on ground level or on decks.
Heavy duty 10 ga steel tub, 8" casters. Wheel options: pneumatic tire.
Other sizes available.

- Reinforced top lip
- Lapped joints with continuous welds
- 8" front slope for easy mortar removal
- Special caster brackets for easy replacement
- Swivel Casters with Brake Option

No.	Size	Capacity	Wt (lbs)
TUB MB10	53" x 24" x 28"	10 cubic foot	193.00

FORKLIFT MORTAR TUBS

Special open base design for easy transport by forklift from mixer to work area. Deep, narrow tub reduces mortar setup; gives more room on scaffold. 8" slope on both ends for increased production.

No.	Size	Capacity	Wt (lbs)
TUB F10	57" x 22" x 24"	10 cubic feet	172.00
TUB F12	65" x 22" x 23"	12 cubic feet	195.00
TUB F16	65" x 30" x 23"	16 cubic feet	225.00
